

# Resolution of Opposition

## Petition 03CTAX

Petition 03CTAX; An all out nine-page attack against Alaska's tourism industry.

*We/I, \_\_\_\_\_, join the growing list of individuals and organizations in opposition to Initiative O3CTAX which would threaten Alaska's economy, cost Alaskan's local jobs and create another level of state bureaucracy. We/I recognize that this Initiative would force the disclosure of confidential information about our local businesses. Further, if passed, this Initiative will open the door and create new motives for lawyers to file predatory lawsuits. It is a poorly thought out and poorly drafted nine page concept that is complicated and confusing. **This Initiative just doesn't make sense!***

Please add me/us to your list in opposition and feel free to use my/our name in your efforts:
