

**27th Annual Conference on
Resource Development in Alaska**

Alaska Resources 2007 *A Time of Transition*

**November 15 - 16, 2006
Sheraton Anchorage Hotel**

RESOURCE DEVELOPMENT COUNCIL

Growing Alaska Through Responsible Resource Development

www.akrdc.org

Canada and the United States:

Oil Sand photo courtesy of Suncor Energy, Inc. Oil sand is a mixture of bitumen (a thick, sticky form of crude oil), sand, water and clay.

Partners in Energy, Security and Economic Prosperity

The seeds of wisdom form the roots of success

For more than 10,000 years, traditional values such as cooperation and a deep respect for the land helped keep the Inupiaq strong. Today, the elders of the Northwest Arctic share their wisdom during a summer culture camp where young people learn crafts and survival skills, along with Inupiat history and legends.

Teck Cominco is proud to support Camp Sivunniigvik and work with NANA and use these life-long lessons to operate Red Dog Mine for the benefit of all current and future shareholders.

Solutions Without Boundaries

Work with CH2M HILL, and you'll know we believe in building a better world.

As a global leader in full-service engineering, construction, and operations, we're driven by a passion for our clients' success; for elegant and enduring design; and for innovative, practical, sustainable solutions. We offer the depth and breadth of technical talent needed to integrate sustainable concepts, while finding ways to get the job done better, faster, cheaper, and safer than anyone thought possible.

Join RDC today and help us build a better Alaska

Resource development is the foundation of Alaska's economy. By joining RDC, you play a key role in promoting resource development and building a strong economic base. You become part of the team that aims to show what Alaska can do for America and how Alaska can prosper from it. As a member, you will have all of RDC's vast resources and strength on your side. Why not join today? It's easy! Just call, write or check us out online at www.akrdc.org.

- Help RDC Grow Alaska Through Responsible Resource Development
- Link Diverse Interests on Resource Issues

WHAT IS RDC?

RDC is the Resource Development Council for Alaska, Inc., a statewide nonprofit, membership-funded organization made up of individuals, local communities, Native corporations, organized labor and businesses from all resource sectors, including oil and gas, mining, fishing, timber and tourism. Through RDC these interests work together to promote and support responsible development of Alaska's resources.

RDC was formed in 1975, originally as the Organization for the Management of Alaska's Resources (OMAR). Today RDC is a consensus building organization linking diverse interests. It has become a leader in resource education from the classroom to the newspaper. Get involved and help RDC advocate and educate for today, for the future.

CAN YOU HEAR IT?

IT'S THE SOUND OF EXPLORATION

When it comes to exploration – we're leading the way. As Alaska's #1 exploration company, we put our technology and our people to work every day – looking for the new oil and gas discoveries that will provide jobs and opportunities for Alaskans.

Exploration takes commitment and reinvestment – and we're reinvesting hundreds of millions of dollars to help offset the decline in North Slope production. At ConocoPhillips, we know that when we find new reserves of oil and gas, we also find Alaska's future.

Alaska Resources 2007

Wednesday

- 7:00 a.m. **Registration/Check-In/Exhibits Open**
Eye-Opener Reception In Exhibit Area – Sponsored by **ConocoPhillips Alaska, Inc.**
- 8:00 **Opening Remarks**
John Shively, President, RDC, Vice President, Government and Community Affairs, Holland America
- 8:10 **The Explorers: 2007 & Beyond**
Jim Bowles, President, ConocoPhillips Alaska, Inc.
Ken Thompson, Managing Director, AVCG/Brooks Range Petroleum
Cam Toohey, Alaska Government & External Affairs Manager, Shell E&P, Inc.
- 9:15 Networking Break – Sponsored by **ConocoPhillips Alaska, Inc.**
- 9:45 **The Explorers: 2007 & Beyond**
Moderator: Marilyn Crockett, RDC Executive Committee member, Deputy Director, Alaska Oil and Gas Association
Roberto Dall’Omo, President & CEO, ENI Petroleum Co. Inc.
Timothy England, Senior Exploration Manager, FEX GP, Inc.
Doug Wilson, Alaska Exploration Manager, Anadarko Petroleum Corporation
Joey Hall, Manager of Operations, Pioneer Natural Resources Alaska Inc.
- 11:00 **A New Look At The Last Frontier**
John Zager, General Manager, Alaska, Chevron
- 11:30 Networking Break
-
- Noon Keynote Luncheon:
The Canadian Energy Mix: What Does The Future Hold?
Moderator, John Shively, President, RDC
George Eynon, Vice President, Business Development, Canadian Energy Research Institute
-
- 1:30 **Alaska & National Energy Policy: A Ten-Year Vision**
Moderator, Rick Rogers, Senior Vice President, RDC, Vice President, Lands and Resources, Chugach Alaska Corporation
John Goll, Alaska Regional Director, Minerals Management Service
Julia Dougan, Acting State Director, U.S. Bureau of Land Management
- 2:30 **BP In Alaska: The Fifty Year Future**
Ken Konrad, Senior Vice President, Alaska Gas, BP Exploration Alaska, Inc.
- 3:00 Networking Break – Sponsored by **Marketing Solutions**
- 3:30 **Passing The Baton: Transition at Arctic Slope Regional Corporation**
Moderator: Teresa Imm, RDC Board member, Director of Resource Development, Arctic Slope Regional Corporation
Jacob Adams, President and CEO, Arctic Slope Regional Corporation
Bobbi Quintavell, President and CEO, Arctic Slope Construction Holding Co.
- 4:30 **VIP Reception** at Josephine’s (Top floor Sheraton)
Hosted by **Government of Canada**, open to all conference attendees 

A Time Of Transition

Thursday

7:00 a.m. Eye Opener Reception In Exhibit Area

8:00 a.m. **Alaska Resource Industries: 2007 Forecast**

Moderator: Stan Foo, RDC Board member, Alaska Project Manager, Barrick Gold Corporation
Neal Fried, Alaska Department of Labor

9:00 **Spotlight On A New Investor: Barrick Gold Corporation**

Michael Brown, Vice President, Government Relations, Barrick Gold Corporation (Invited)

9:45 Networking Break

10:15 **Alaska Coal Development Opportunities**

Moderator: Lisa Parker, RDC Executive Committee member, Government Relations Manager, Agrium, Inc.

RDC Issues and Projects

Major Issues

- Gas reserves tax (Ballot Measure 2)
- Gas pipeline fiscal contract
- Oil production tax re-write
- State long-term fiscal plan
- Federal/State legislative & regulatory policy
- Oil & gas leasing statewide, OCS, NPR-A
- Cook Inlet Beluga whale ESA listing status review
- Cook Inlet NPDES permit
- Chuitna coal project
- Yukon Flats Land Exchange
- Cruise ship initiative
- Essential Fish Habitat Rule
- Proposed wetlands rulemaking
- ANWR advocacy
- Pebble mine project
- Kensington gold mine project
- Juneau-Greens Creek Intertie
- Rock Creek mine project
- National Park Service inholder regulations
- State & federal timber sales
- Right whale proposed rule
- Glacier Bay cruise ship quota
- Alaska Railroad extension to Ft. Greely
- State Mixing Zone regulations

Membership Benefits

- Public forums & membership networking opportunities
- Annual conference on Alaska resources
- Resource Review newsletters
- Comprehensive website
- Timely Action Alerts and updates
- Public interest litigation
- Op-Ed articles in major Alaska newspapers
- AMEREF K-12 education program
- Congressional staff tours

Log onto www.akrdc.org today

- Event presentations
- Newsletters 1978-present
- Action Alerts
- Industry overviews
- Online event registration
- Links to RDC corporate member websites
- Educational links to AMEREF

**There are thousands of
reasons to remain **positive.****

No one said the road to developing Alaska's gas would be a straight one. But we're optimistic it will happen and thousands of Alaskans will go to work.

alaska.bp.com

2006 Policy Positions

General Issues

Access

- Advocate increased access to and across public lands for resource development.
- Advocate multiple-use of public lands.
- Continue to assert the state's rights on navigable waters and submerged lands.

Fiscal Policy

- Advocate development of a comprehensive, responsible, and long-range state fiscal plan.
- Support equitable and stable tax and royalty policies.

Regulation/Permitting

- Advocate clear, timely and streamlined state and federal permitting systems based on sound science and economic feasibility.
- Encourage the state to lower the costs associated with Alaska's permitting process.

Infrastructure

- Support financially sound improvements and additions to the state's land, marine, and air transportation infrastructure, as well as the state's communication, power generation and transmission infrastructure.
- Focus federal and state transportation funds on community needs as documented in the regional "area" transportation plans.

Subsistence

- Urge the legislature to place a constitutional amendment before the voters to regain state management of Alaska's fish and game resources.

Education

- Support growing the Alaska Mineral and Energy Resource Education Fund (AMEREF) program.
- Support initiatives to educate students and the general public on responsible resource development activities in Alaska.

Industry Specific Issues

Oil & Gas

- Support initiatives to encourage new exploration and development of Alaska's oil and gas deposits, as well as enhanced production from existing fields.
- Encourage public policy decisions to improve the commercial viability of developing Alaska's stranded natural gas resources.
- Educate and advocate for opening the coastal plain of the ANWR to oil and gas development.

Mining

- Support initiatives to encourage new exploration and development of Alaska's mineral resources, as well as increased production from existing deposits.
- Advocate continuation and expansion of the airborne geophysical mapping program as well as the necessary on-the-ground follow up work needed to realize the full benefits of the program.

Fisheries

- Support fisheries policies that ensure access, markets and revenues for Alaska fishermen and coastal communities, and a healthy competitive environment for an Alaskan seafood processing industry.
- Support reduced fisheries waste and better utilization of Alaska fisheries resources, improved product value and development of new product forms.
- Support funding of fisheries and marine mammal research.

Forestry

- Advocate a reliable and economical long-term federal and state timber supply.
- Support adequate funding and enforcement of the Alaska Forest Practices Act.
- Encourage funding of forest management initiatives that address long-term forest health and reforestation.

Tourism

- Support increased and expanded tourism opportunities and improved visitor facilities throughout Alaska.
- Advocate additional aircraft landing sites and reduced restrictions on over-flights.

The most important thing we carry is the trust of our neighbors.

A trust we've built over 20 years of working in the North. And we're proud of our enduring reputation as a good neighbor and socially responsible company. We look forward to what the future holds for Alaska, and helping achieve it through responsible development.
