Our Future

The easy oil on the North Slope is gone, and getting to the remaining oil will be a challenge that will require the state and the industry to work together – for Alaska's future.

ConocoPhillips

Alaska's Oil & Gas Company

CH2MHILL®

Did you know...

CH2M HILL is one of the world's most recognized engineering firms serving oil, gas, and mining clients in Alaska for over 40 years.

**Responsible
stewards of our
own environment.**

Alaska's plentiful natural resources have long been the lifeblood of the Iñupiaq people.

Arctic Slope Regional Corporation recognizes that these resources will continue to energize Alaska's vital next chapter.

ASRC is ensuring *"the past will always have a seat at the table with the present and the future."*

**A PROUD PAST
A BRIGHT FUTURE**

Shell's history in Alaska spans nearly 50 years as one of the most prominent explorers in Alaska's frontier basins. Now we're preparing for the next 50 years as we explore Alaska's Outer Continental Shelf.

Safe and responsible exploration is the first step toward reducing America's dependency on imported oil, providing decades of economic growth and helping secure our energy future.
