

# Coexistence: a case study

*Presentation to  
Resource Development Council  
November 21, 2013  
Tom Barrett, President  
Alyeska Pipeline Service Company*

# RDC gets a closer look

# Side by side

# An Alaska legacy

# Sound commitment...

# Vessel of Opportunity Program

# Vessel of Opportunity Program

- 400+ Vessels under contract, 1500+ Participants
- All participants trained annually, more than 6 weeks in spring & 2 weeks in the fall.
- Ready work boats.
- Local knowledge 6 PWS ports & downstream communities: Whittier, Cordova, Valdez, Kodiak, Homer, Seward.

# Vessel of Opportunity Program

*“It has been fulfilling to see Alyeska’s safety culture take root and probably actually save lives in that industry, and in individuals I have known all my life.”*

-- Mike Day

# Hatchery Protection

- *Cannery Creek*
- *Chenega Bay*
- *Lake Bay*
- *Main Bay*
- *Solomon Gulch*

# Hatchery Protection

- More than 50,000 ft. of protective boom pre-positioned in connexes.
- Annual maintenance
- Deployment every 3 years.

# PWS Partnership
